Dear Patients,

We are a new dental practice with a new way of doing things. We look forward to welcoming you and your family.

Our biggest commitment is to your long-term oral health and well-being. As a private only dental practice, we offer a completely modern dental practice with state-of-the-art technology and equipment.

Whether you are looking for a dental practice that can take care of your regular dental check-ups, or you have a specific dental concern, or perhaps you're looking to update your smile with a form of cosmetic dentistry, then we can help.

We offer everything from routine appointments, restorative dentistry to cosmetic procedures including teeth whitening, dental veneers and our very own speciality, dental implants to replace missing teeth.

Pop in to see us for a chat or call us on the number below to discuss which treatments we can help you with. The team at EgoDent is looking forward to meeting you!

FINANCE OPTIONS

We offer interest-free and low-cost payment plans so that you can spread the cost more easily. Please ask a member of our team for more details.
